

Reducing supplier risk

# Supplier checklist for critical supplies and resources

## Make sure to discuss these six topics to better understand your supplier's level of risk

- What is your change control policy?
- In what ways do you minimize risk for key raw materials used to manufacture your products?
- Do you have dual suppliers for raw materials?
- Do you have a strategic reserve to be used only in case of emergencies?
- What in-house expertise does your company have to support security of supply and keep customers informed?
- Where can I access regulatory support for your products?
