 - 1.2 Except as otherwise explicitly provided in a binding applicable master sales agreement or other negotiated agreement (which, if applicable, will apply in accordance with its terms), the sale by Cytiva of Products and/or Services as specified in a purchase order or other written indication of Buyer's desire to purchase the same from Cytiva (the "PO") is subject to the terms and conditions set out herein (these "Terms") as follows:
 - a) The provisions of this Part I apply in relation to all sales of Products and/or Services;
 - b) The provisions of Part II apply (in addition to those in Part I) in relation to all sales of Products (and the provision of Services ancillary to such sales);
 - c) The provisions of Part III apply (in addition to those in Parts I and II) in relation to all sales of Part III Equipment;
 - d) The provisions of Part IV apply (in addition to those in Parts I and II) in relation to all sales of Cell Culture Products; and
 - e) The provisions of Part V apply (in addition to those in Part I) in relation to all sales of Repair and Maintenance Services.
 - 1.3 In the event of any inconsistency between provisions in different Parts, the provision in the higher numbered Part will prevail.
 - 1.4 By placing a PO, Buyer makes an offer to purchase the specified Products and Services, pursuant to these Terms, consisting of (a) a list of the Products and/or Services Buyer wishes to purchase; (b) the quantity of each of the Products and/or Services requested; (c) the requested delivery date(s) for Products; (d) the requested start date and duration of any Service Packages covered by the PO; (e) the unit price for each of the Products and/or Services requested; (f) the billing address; and (g) the delivery location; each as specified in the PO, (a) to (g) inclusive being the "Basic PO Terms", together with (h) any additional commercial terms (the "Quote Terms") specified in any relevant and matching quotation or proposal provided by Cytiva to Buyer prior to submission of the PO and which is valid at the date of Cytiva's receipt of the PO (the "Quote"); and on no other terms.
 - 1.5 If and to the extent that Buyer's PO includes an offer to purchase one or more Cloud Product subscriptions and (if applicable) associated services, such offer (and any subsequent contract) shall be (i) deemed separate from the offer described in Section 1.4 and (ii) exclusively subject to the terms and conditions set out in the Cytiva Terms of Service for Cloud Products (and applicable product-specific terms) from time to time, available at www.cytivalifesciences.com/legal.
 - 1.6 Cytiva will only be deemed to have accepted Buyer's offer to purchase on issue of a corresponding Order Confirmation, at which point a contract for the sale by Cytiva and purchase by Buyer of the Products and/or Services specified shall come into existence comprised as follows:

 - b) the Quote Terms;
 - c) these Terms;

Any additional, different or inconsistent terms and conditions contained or referenced in the PO or any other document or communication provided by Buyer at any time to Cytiva shall not apply and are hereby rejected.

Such charges may be reduced by a court of competent jurisdiction if found to be disproportionate to the actual loss suffered.
- #### 5 Price
- 5.1 Subject to the remainder of this Section 5, the price payable by Buyer for (i) the Product(s) and/or Services (the **"Price"**) and (ii) delivery of the Products (**"Shipping and Handling"**) under the Contract ((i) and (ii) together, the **"Contract Price"**) will be as specified in the Order Confirmation.
- 5.2 Unless expressly specified in writing, the Price does not include Installation or any other services and, if any such services are required by Buyer, Cytiva may charge a fee at its then-current rate for any Services performed.
- 5.3 If either (A) delivery is requested beyond the calendar year in which (i) Cytiva provided the Quote (if any) or (ii) Buyer submitted the PO, or (B) the confirmed delivery date is not in that calendar year, then Cytiva reserves the right to revise the Price and/or Shipping and Handling to reflect pricing applicable in the calendar year of delivery.
- 5.4 Cytiva may, on written notice to Buyer, request a modification of the Contract Price for Products to reflect increases in Cytiva's and/or its Affiliates' costs relating to manufacturing, raw materials, energy, labor, logistics, freight and/or currency fluctuations, provided that (i) such modification shall be supported by reasonable documentary evidence of the relevant cost increase, and (ii) shall be calculated by reference to an officially published price index applicable in the country of performance.
- 5.5 The Price of Products includes standard shipping (as described at www.cytiva.com/shipping). Cytiva reserves the right to impose a Shipping and Handling charge for non-standard shipping (also as described at www.cytiva.com/shipping). For Cell Culture Products, such Shipping and Handling charges may be calculated and added to Cytiva's invoice at the time of shipping from Cytiva's facility.
- #### 6 Delivery
- 6.1 Delivery terms shall be construed according to the latest edition of Incoterms.
- 6.2 Unless expressly specified otherwise in the Contract, the Products will be delivered DAP (Incoterms) if Buyer's ship to address is in a member state of the European Union, Monaco, Norway, Switzerland or the United Kingdom; CPT (Incoterms) if Buyer's ship to address is in Morocco, Pakistan or Tunisia; FCA Origin (Incoterms) if Buyer's ship to address is in The Russian Federation; or CIP (incoterms) for all other ship to destinations and (whichever delivery terms apply) Buyer shall be liable to pay Cytiva's charges in respect of Shipping and Handling added in accordance with the Contract.
- 6.3 Any delivery dates or shipment dates specified in the PO are requested dates only and Cytiva shall have no obligation to meet such dates. Cytiva will from time to time notify Buyer of applicable dates scheduled for shipping and/or delivery of Products.
- 6.4 Cytiva may deliver partial shipments of Products to Buyer and ship Products as they become available.
- 6.5 Cytiva's delivery of up to +/- 10% of the quantity of Custom Cell Culture Products and/or membrane Goods sold by length ordered under the Contract (or agreed to be delivered in one lot) shall be deemed to meet Cytiva's obligations under the Contract in respect thereof. Cytiva shall invoice Buyer (and Buyer shall pay) for the actual quantity of such Products delivered.
- 6.6 Cytiva will use commercially reasonable efforts to avoid delay in delivery of Products on the date(s) notified by Cytiva for delivery. Failure to deliver by the specified date will not be cause for cancellation, termination or the application of any penalties or credits, nor will Cytiva be liable for any loss or damage due to delay in delivery.
- 6.7 Buyer shall not refuse to accept delivery of any Products tendered in accordance with the Contract.
- #### 7 Invoicing & Payment
- 7.1 Without prejudice to Cytiva's right to submit invoices to Buyer for sums due as otherwise specified in or anticipated by the Contract, Cytiva may submit invoices for:
- Products on shipment;
 - Services (other than Repair and Maintenance Services) on the earlier of: (i) completion of the relevant Service; or (ii) the expiry of 12 months from either (a) for Services relating to Equipment ordered under the Contract, the date of Take-Over of such Equipment, or (b) for other Services, the date of the Order Confirmation; and
 - Repair and Maintenance Services in accordance with the billing cycle specified in the relevant Service Package.
- 7.2 Buyer shall pay all invoiced amounts due to Cytiva: (i) in full and without set-off, save that Buyer may set off against amounts due to Cytiva any undisputed, liquid and due debts owed by Cytiva to Buyer; (ii) in the invoiced currency; (iii) by electronic transfer to the account specified in Cytiva's invoice; and (iv) (subject to Section 7.4) within thirty (30) days from the date of Cytiva's invoice, or, only if the invoice is sent electronically, from the date of invoice receipt.
- 7.3 If any amount is not paid to Cytiva when due under the Contract and such non-payment is not the subject of a bona fide dispute notified by Buyer to Cytiva in writing, Cytiva may, without prejudice to any other rights it may have under the Contract or applicable law: (i) suspend performance and/or cancel any of its outstanding obligations hereunder (subject to thirty (30) calendar days prior written notice); and/or (ii) charge Buyer (and Buyer shall pay) interest on all overdue sums at the lesser of (A) the rate of 1.5% per month or (B) the highest rate permissible under applicable law, calculated daily and compounded monthly. Buyer shall reimburse Cytiva for all costs incurred in collecting any late payments, including reasonable attorneys' fees.
- 7.4 Sales are subject to Cytiva's credit approval and if warranted, in Cytiva's opinion, by Buyer's financial condition, past late payment or other circumstances, Cytiva

may require Buyer to provide letters of credit, pre-payment, security or other assurance satisfactory to Cytiva.

- 7.5 Cytiva may set-off any sums due to it from Buyer against any payments due from Cytiva to Buyer.
- 7.6 To mitigate the risk of banking fraud, Buyer must verbally confirm any new or changed bank transfer or mailing instructions it receives from (or purportedly from) Cytiva by calling Cytiva and speaking with an accounts receivable representative before mailing or transferring any monies using the new instructions. Cytiva will confirm the correct information related to the relevant transaction to Buyer. Both Parties agree that they will provide a ten (10) day grace period between giving the other Party notice of mailing or bank transfer instruction changes and requiring payments to be made so such changes can be verified.

8 Taxes

- 8.1 All payments required to be made by Buyer to Cytiva under the Contract are stated exclusive of Indirect Taxes, including any successor, replacement or transitional taxes of a similar nature introduced by any applicable jurisdiction (including, without limitation, any Contribuição sobre Bens e Serviços (CBS), Imposto sobre Bens e Serviços (IBS) or Imposto Seletivo (IS) applicable under Brazilian law).
- 8.2 In the event that Indirect Taxes (including any taxes arising under a transitional, successor or replacement tax regime) are properly due under any applicable law, regulation or otherwise, such taxes shall be charged by Cytiva in addition to any other amounts due and shall be payable by Buyer on receipt of a valid tax document (as required by the relevant taxing authority) issued by Cytiva.
- 8.3 Cytiva will only issue invoices or other applicable tax documents without relevant Indirect Taxes charged if Buyer provides a full and correctly completed exemption certificate, tax regime election documentation or other documentation required by the relevant legislation (including any documentation required under a transitional or successor tax regime) to Cytiva at the time of submission of the PO. If such exemption documentation is provided to Cytiva after the PO, then Cytiva will provide relevant tax credits to Buyer following Cytiva's receipt of benefit from any relevant taxing authority for any Indirect Taxes previously charged which are subject to the exemption documentation.
- 8.4 Buyer shall, promptly following written notice, reimburse Cytiva for any Indirect Taxes (including any taxes arising under a transitional or successor tax regime) assessed against Cytiva by any taxing jurisdiction where the taxing jurisdiction successfully determines that such taxes should have been charged by Cytiva to the Buyer. If penalties and interest are charged on any underdeclared Indirect Taxes, then these will be reimbursable by the Buyer to Cytiva if the error was caused by the Buyer. Where any such assessment arises from a change in applicable tax law or the introduction of a transitional or successor tax regime, the Parties shall cooperate in good faith to mitigate any resulting liability.
- 8.5 Each Party is responsible for any personal property or real estate taxes on property that the Party owns or leases, for franchise and privilege taxes on its business, and for taxes based on its net income or gross receipts, including any such taxes arising under a successor or transitional tax regime.
- 8.6 All payments shall be made by Buyer in full, free and clear of all deductions (including withholding taxes). If any such withholding or deduction is required by law (including under any transitional or successor tax regime), Buyer shall gross-up the amounts due hereunder in order that the payments provided for under the Contract are paid fully such that Cytiva is in the same position as if no withholding or deduction had taken place. Buyer shall furnish to Cytiva within one (1) month accurate official receipts or electronic tax documentation from the appropriate governmental authority for all deducted or withheld taxes.
- 8.7 Where any applicable jurisdiction introduces a new, successor or transitional tax regime that modifies, replaces or supplements existing Indirect Taxes (including, without limitation, the introduction of the CBS, IBS and IS under Brazilian law), the following provisions shall apply: (a) Cytiva shall be entitled to adjust its invoicing and tax documentation to comply with the requirements of the new regime, and Buyer shall cooperate with Cytiva in implementing any such adjustments; (b) any change in the applicable rate or basis of Indirect Taxes resulting from such reform shall be reflected in the amounts invoiced to Buyer, and the Contract Price (exclusive of Indirect Taxes) shall not be affected thereby; (c) each Party shall provide to the other such information, documentation and cooperation as may be reasonably required to ensure compliance with the new regime, including in relation to tax credits, input tax recovery and reporting obligations; and (d) during any transitional period in which both former and successor taxes are concurrently in effect, Cytiva shall be entitled to charge all applicable taxes as required by law, and Buyer shall pay the same in accordance with this Section 8.

9 Services

- 9.1 Cytiva shall provide such Services as are expressly set out in the Contract during normal business hours, unless otherwise specified in the Contract. The provision by Cytiva (at Buyer's request) of (i) additional services or (ii) Services outside of these hours, will be charged at Cytiva's then current schedule of rates, including

overtime charges, if applicable, and will be in addition to the charges outlined in the Contract.

- 9.2 Cytiva may charge Buyer at its standard labour rates for time spent relating to online/onsite induction, preparation and submission of documentation and completion of administrative tasks (exceeding 30 minutes in aggregate) required by Buyer relating to Cytiva's provision of Services and for wait time of Cytiva Representatives at the Service Location.
- 9.3 Any obligation for Cytiva to provide Services at a Service Location is subject to Buyer providing a suitable, safe and hazard-free environment for Cytiva Representatives performing such Services in accordance with applicable law.
- 9.4 Buyer shall (i) allow and facilitate Cytiva Representatives' access to the Service Location during normal business hours for the purpose of performing Cytiva's obligations under the Contract; (ii) submit completed health and safety declarations as and when requested by Cytiva; (iii) provide written information to Cytiva's Representatives working at the Service Location about relevant hazards and safety procedures as well as a list of any hazardous materials (e.g. asbestos, lead or mercury) on or near the Service Location that such Representatives may come in contact with and any associated safety data sheets; and (iv) be responsible for taking all necessary action to properly abate, remove and/or remediate any hazardous conditions or materials at the Service Location, including removing blood, body fluids and other potentially infectious materials from all equipment relevant to the Services.
- 9.5 Unless otherwise agreed in writing or required by law, (i) Buyer shall be responsible for proper management, storage, and disposal of all Service-related waste and (ii) Cytiva's obligation to take back electrical and electronic equipment waste (WEEE) does not include creation of physical access to the equipment; de-installation; decoupling; disinfecting; craning/lifting; transportation to a ground level loading area or ramp; packing; or any related similar activities; and Buyer shall perform such activities at its own cost as and when required.
- 9.6 When required by Cytiva (or applicable law), Buyer shall make available at least one (1) suitably qualified person who can ensure the safety of Cytiva's Representatives at all times during performance of the Services at the Service Location. If no such person is made available, Cytiva reserves the right to charge Buyer at Cytiva's then current pricelist for an additional Cytiva person to be present. Cytiva's Representatives may suspend the provision of Services and disconnect any relevant equipment if they consider there is a risk to their safety or health.
- 9.7 Buyer shall provide facilities to Cytiva's Representatives at the Service Location as reasonably required to enable provision of the Services including mains electricity, working space, lighting, water, a telephone line and internet.
- 9.8 Buyer shall procure (at its own cost) adequate approvals and/or licenses for Cytiva to use Buyer's and/or any Third Party's service software, documentation and other proprietary information reasonably necessary to allow Cytiva to perform the Services.
- 9.9 Subject to any obligations of confidentiality in Section 15, Cytiva shall have a right to collect Product performance and usage data during the provision of the Services and use it freely, including for the purposes of product/service development, benchmarking and quality initiatives. Any data collected by Cytiva will be used in accordance with applicable law.
- 9.10 Buyer shall ensure its Representatives comply with all applicable rules and procedures while on Cytiva premises.
- 9.11 Cytiva will be deemed to have fulfilled its obligation to provide the Services (other than Repair and Maintenance Services) on the earlier of (i) completion of the relevant Services; or (ii) the expiry of 12 months from either (a) for Services relating to Equipment ordered under the Contract, the date of Take-Over of such Equipment, or (b) for other Services, the date of the Order Confirmation.

10 Remote Access Support

- 10.1 Buyer acknowledges that Cytiva's ability to provide remote access support and/or proactive monitoring services either included with Products or purchased separately by Buyer, depends on Buyer permitting and enabling Cytiva to connect (and maintain such connection) to the relevant Product(s) remotely as required.
- 10.2 Remote support, when available, will be provided via telephone and/or online communication services and/or control applications during the regular business hours of the Cytiva office responsible for providing the Services (unless expressly agreed otherwise in the Contract). If a subject matter expert is required and not immediately available, Cytiva will use commercially reasonable efforts to provide a call back as soon as reasonably practicable.

11 Software

- 11.1 General. Certain Software is subject to additional software agreements, licenses and/or other product specific terms as may be identified by Cytiva in writing, including in the Quote, on Cytiva's website, or in documentation accompanying such Software ("**Specific Terms**"), which shall prevail over any conflicting provisions set out in these Terms.

- 11.2 Third Party Software. Buyer agrees and understands that: (a) its right to use any Third Party Software supplied by Cytiva under the Contract is subject to the license terms applicable to such Third Party Software (and Buyer shall execute (as necessary) and comply with the same); and (b) any warranties and indemnities set out in the Contract shall not apply to Third Party Software.
- 11.3 License not Sale. Buyer agrees that Cytiva is licensing (not selling) the Software to Buyer, and that any references to "buy", "purchase", "sell" or similar in respect of the Software are intended to mean "license". Cytiva reserves all rights in the Software and no ownership, title or interest therein is transferred under the Contract other than the licenses explicitly granted hereunder.
- 11.4 Grant. Cytiva hereby grants to Buyer a non-exclusive, non-sublicenseable, non-transferable license to use the Software in object code form only for the sole purpose of Buyer operating the Software for its own internal normal business purposes, and for operating the Equipment to which it pertains (if any). This license shall terminate:
- automatically if Buyer fails to comply with Section 11.5 or fails to pay any sums due in respect of the Software (or any related Equipment);
 - at the end of any term or period of the license as set out in the Contract;
 - for No-Charge Software, at any time upon Cytiva giving written notice to Buyer at the sole and absolute discretion of Cytiva (without cause needed);
 - when Buyer's lawful possession of any Equipment (having any Software embedded or needed for the Equipment to operate) ceases; or
 - on termination of the Contract, and, on termination of this license, Buyer must immediately stop using the Software and (on Cytiva's instruction) shall return and/or delete the Software (and all copies thereof).
- 11.5 Buyer shall not: (i) use any Software otherwise than in accordance with the relevant Specific Terms; (ii) grant, assign, transfer, or otherwise make available to any Third Party any right whatsoever in any Software; (iii) disclose to any Third Party any information contained in any Software or related documentation; (iv) copy or reproduce any Software (except for one copy for back-up purposes or as otherwise expressly permitted by mandatory applicable law); (v) alter or modify any Software; (vi) reverse engineer (or use sequence(s) or other methods in an attempt to reverse engineer), decompile, disassemble or create any derivative works based upon any Software; or (vii) transfer any Software outside the country of delivery or Buyer's IT network.

- 12.2 Goods. Subject to Sections 12.7 to 12.9 inclusive, Cytiva warrants that on delivery and until (i) the expiry date according to the specified shelf-life of the Goods or (ii) for Goods without a specified shelf-life twelve (12) months from delivery, the Goods will materially conform with the Specifications and be free of material defects in workmanship and materials.

Subject to Sections 12.7 to 12.9 inclusive, Cytiva warrants that on delivery and until: (i) for Equipment which is to be installed by Cytiva under the Contract, the earlier expiry of (A) twelve (12) months from the completion of Installation, or (B) fifteen (15) months from the date the Equipment was shipped from Cytiva's facility and; (ii) for all other Equipment, the expiry of 12 months from the date the Equipment was shipped from Cytiva's facility; the Equipment will materially conform with the Specifications and be free of material defects in workmanship and materials.
- 12.4 Software. Subject to Sections 12.7 to 12.9 inclusive, Cytiva warrants that for a period of ninety (90) days from Buyer's receipt of the Software: (i) any media on which the Software is provided will be free of defects in workmanship and materials under normal use; and (ii) the Software will substantially contain the functionality described in the Specifications and, when properly installed on a computer, other instrument or Equipment meeting the requirements set forth in, and operated in accordance with, such Specifications, will substantially operate in accordance therewith. The warranty set out in this Section 12.4 relating to Software which is provided with and either embedded in, or needed to operate, Equipment supplied under the Contract shall apply for the duration of the Warranty Period relating to such Equipment, unless agreed otherwise in writing. The warranties set out in this Section 12.4 shall not apply to any No-Charge Software and Cytiva shall be under no obligation to provide any services, support, Maintenance Releases or anything else relating to any No-Charge Software.

Buyer may request to select from a list of Cytiva's standard tests to comprise the FAT and, if requested, Cytiva will prepare a standard form that may be used by Buyer to record the results from such FAT. If Buyer fails to provide the FAT protocol as required herein or to perform the FAT on the agreed date, the FAT shall be deemed completed. Additional testing required by Buyer is subject to agreement of additional charges and changes to delivery dates. Buyer shall bear its own costs in connection with the FAT.
- 32.3 The completion of pre-delivery inspections and tests according to Cytiva's standard procedures and any applicable FAT shall be considered authorization for delivery, unless Buyer notifies Cytiva in writing of any non-conformity within three (3) days from the completion of such FAT, in which case Cytiva will use commercially reasonable efforts to ensure the Equipment conforms to the Testing Criteria.
- 32.4 **SAT:** If included in the Contract, Cytiva shall perform a SAT, in accordance with Cytiva's standard SAT protocol, during or immediately following Installation. SAT will include repetition of certain sections of applicable FAT and/or Cytiva's standard pre-delivery testing to ensure the Equipment is functioning as it was prior to leaving Cytiva's manufacturing facility. Cytiva will inform Buyer in advance of the date of performance of the SAT and Buyer shall provide written evidence to Cytiva at least two (2) days prior to that date that (i) the environmental conditions are suitable for the SAT and (ii) the Equipment functionality will not vary when interfacing with Buyer's other equipment and software. Buyer's absence from testing shall not in any way limit Cytiva's right to perform the SAT and in such case, Cytiva shall notify Buyer of the results. Buyer shall be deemed to agree with the results of the SAT unless Buyer notifies Cytiva in writing within 48 (forty-eight) hours from the completion of the SAT (if Buyer was present) or notice of the results (if Buyer was absent), of any failure to meet any of the Testing Criteria specifying in reasonable detail the Testing Criteria claimed by Buyer not to have been met. If the Equipment does not meet the Testing Criteria, Cytiva shall make such adjustments to the Equipment as it considers necessary, after which Cytiva shall repeat all or certain parts of the SAT, at Cytiva's sole discretion, upon reasonable prior notice by Cytiva to Buyer. Upon the satisfactory completion of SAT demonstrating that one or more items of Equipment meets the Testing Criteria (with any permitted variations/tolerances) Cytiva may issue a test certificate confirming the same, which shall be conclusive evidence of such compliance.
- 33 Take-Over**
- 33.1 Buyer accepts and assumes, in respect of each item of Equipment, sole responsibility for the care, safety, operation, service and maintenance of the Equipment ("**Take-Over**") on:
- if Installation of the Equipment is not included in the Contract, delivery; and
 - for all other Equipment, the earlier of (i) completion of Installation (and, only if applicable, SAT) relating to the Equipment; or (ii) the date falling sixty (60) days after delivery.
- 33.2 Notwithstanding Section 33.1, if Buyer (i) makes use of the Equipment, or takes any action with respect to the use or operation of the Equipment, which is not expressly agreed by Cytiva in writing; or (ii) through its own acts or omissions and/or those of its contractor(s), employee(s) or agent(s), prevents Cytiva from conducting any (a) agreed Installation or (b) SAT; then Take-Over shall be deemed to have occurred immediately upon such use, action or prevention (as applicable) and Cytiva shall not be required to complete the Installation or the SAT. Buyer agrees to promptly sign relevant Take-Over documents (as applicable) upon Cytiva's request.
- 33.3 The appearance of any defect or fault which does not adversely affect the operation of the Equipment for its basic intended purpose shall not prevent or delay Take-Over. Cytiva shall remedy any such defects and/or faults within a reasonable period.
- 34 Acceptance**
- 34.1 For Equipment in relation to which Installation is included in the Contract, Buyer agrees that the Equipment is accepted on the date of Take-Over in accordance with Section 33.
- 34.2 For Products not covered by Section 34.1, Buyer shall notify Cytiva in writing within ten(10) working days of receipt of the relevant Products of any short delivery, wrong delivery or defect that is reasonably discoverable on careful examination, after which the shipment shall be deemed accepted. Cytiva's sole obligation shall be, at its option, to deliver the missing Products or credit the amount invoiced in respect thereof (in the case of short delivery or wrong item delivery) and to replace or repair any defective Products.
- 35 Health & Safety**
- 35.1 Buyer shall ensure that:
- the Products (provided they comply with their Specifications) are suitable and safe for Buyer's intended use;
 - the Products are handled in a safe manner;
- containers, packaging, labeling, equipment and vehicles, where provided by Buyer, comply with all relevant national and international safety regulations.
- PART III – TERMS AND CONDITIONS FOR THE SALE OF PART III EQUIPMENT**
- Because orders for Part III Equipment are treated as 'projects' by Cytiva, if Buyer is purchasing Part III Equipment from Cytiva, the following provisions will apply only (save as expressly specified below) in relation to Cytiva's sale of such Part III Equipment in addition to the provisions of Parts I and II
- 36 Payment Milestones and Letters of Credit**
- 36.1 If the Contract includes the sale and purchase of Part III Equipment then, unless expressly specified otherwise in the Contract, Cytiva will issue invoices for the Contract Price as follows:
- 50 % upon issue of the Order Confirmation;
 - 40 % upon issue of Cytiva's notice to Buyer that the Part III Equipment or the main part thereof is ready for shipment; and
 - 10 % upon Take-Over.
- 36.2 If the Contract requires the Buyer to obtain a "Letter of Credit", such letter shall be issued by an international bank satisfactory to Cytiva at Buyer's expense, for the Contract Price, on an unconditional and irrevocable basis and effective not later than thirty (30) days from the date of the Order Confirmation.
- 36.3 If a Letter of Credit required by the Contract and complying with Section 36.2 is not received and accepted by Cytiva within thirty (30) days from the date of the Order Confirmation, Cytiva may suspend its performance under the Contract until a compliant Letter of Credit is received and all timetables agreed shall be subject to reasonable extension as a result of such suspension. If such Letter of Credit is not received and accepted within sixty (60) days from the date of the Order Confirmation then Cytiva may terminate the Contract with immediate effect, on written notice, without incurring any liability.
- 37 Change Orders**
- 37.1 Either Party may request a change in the Specifications or scope of the Part III Equipment from time to time, which change shall become effective only by a written order approved and executed by both Parties ("**Change Order**"). The requesting Party shall provide a draft Change Order specifying the nature of and reason for the proposed change and Cytiva shall provide (in its draft Change Order or in response to Buyer's draft Change Order) any additional costs and other impacts associated with the proposed change (including changes to delivery and/or Installation dates as applicable). Change Orders shall be jointly reviewed and agreed upon and shall not be unreasonably rejected by either Party. Cytiva shall not be obliged to commence any work under a Change Order until the Change Order is executed by both Parties. Neither Party may reject a change which is required to ensure compliance with applicable law.
- 37.2 Change Orders shall be invoiced by Cytiva and paid by Buyer as follows: If the total financial impact of the Change Order is below or equal to the equivalent of US \$200,000, it will be invoiced by Cytiva separately on execution of the Change Order by both Parties. If the total financial impact of the Change Order is above US \$200,000 then Cytiva may submit invoices as follows:
- 50% of the total agreed Change Order price on execution of the Change Order; and,
 - 50% of the total agreed Change Order price on issue of Cytiva's notice to Buyer that the Part III Equipment, or the main part thereof, is ready for shipment.
- 37.3 Any Buyer request to change the delivery or billing address after issue of the Order Confirmation is subject to a discretionary handling fee of 1% of the Price of the Part III Equipment, to a maximum of US \$10,000 (or equivalent) as well as any additional taxes, duties and other associated costs.
- 38 Termination/Cancellation Charges**
- 38.1 If the Contract is terminated or cancelled in whole or in part and (other than termination of the Contract by Buyer pursuant to Section 19.2) howsoever occurring such that one or more items of Part III Equipment will not be delivered (a "**Chargeable Event**") then, without prejudice to any other rights Cytiva may have under the Contract or applicable law, the following shall apply: (i) any sums already paid relating to the relevant Part III Equipment prior to the date of the Chargeable Event shall be non-refundable to the extent they correspond to costs actually incurred by Cytiva and (ii) Buyer shall (unless expressly agreed otherwise by Cytiva in writing and only to the extent not already covered by a previous milestone payment made to Cytiva) pay to Cytiva, as a debt and on demand, an amount equal to:
- 30% of the Price attributable to the relevant Part III Equipment if the Chargeable Event occurs before release to purchase materials; or
 - 60% of the Price attributable to the relevant Part III Equipment if the Chargeable Event occurs after release to purchase materials, but before production start; or

- c) 80% of the Price attributable to the relevant Part III Equipment if the Chargeable Event occurs after production start but before the Part III Equipment is ready for FAT (if applicable) or shipment; or
 - d) 100% of the Price attributable to the relevant Part III Equipment if the Chargeable Event occurs after the Part III Equipment is ready for FAT (if applicable) or shipment, less (where applicable) such proportion of the Price paid by Buyer to Cytiva prior to the Chargeable Event as relates specifically to the relevant Part III Equipment.
- 38.2 All sums retained and/or due under Section 38.1 shall be considered liquidated damages calculated as a genuine pre-estimate of Cytiva's loss, provided that (i) the aggregate of all sums retained and payable under Section 38.1 shall not exceed the total Price attributable to the relevant Part III Equipment and (ii) such sums may be reduced by a court of competent jurisdiction if found to be disproportionate to the actual loss suffered by Cytiva.

PART IV – TERMS AND CONDITIONS FOR THE SALE OF CELL CULTURE PRODUCTS

If Buyer is purchasing Cell Culture Products from Cytiva, the following provisions will apply only in relation to Cytiva's sale of such Cell Culture Products in addition to the provisions of Parts I and II

39 Serum Products

- 39.1 Cytiva tests serum products for the presence of viruses and other contaminants in accordance with established standards and issues a certificate of analysis with each such Product. Provided such Products meet the relevant release criteria in the applicable Specifications, Cytiva will not be liable for the presence of viruses and/or other contaminants.

PART V – TERMS AND CONDITIONS FOR THE SALE OF REPAIR AND MAINTENANCE SERVICES

If Buyer is purchasing Repair and Maintenance Services from Cytiva, the following provisions will apply only in relation to Cytiva's sale of such Repair and Maintenance Services in addition to the provisions of Part I

40 Repair and Maintenance Service Packages

- 40.1 Cytiva offers various service packages (including 'Service Agreements' and 'Extended Warranties') for which it charges a fee (usually annually) for the provision of repair, maintenance and/or support services, in respect of Equipment identified as being covered by such package ("**Covered Equipment**"), intended to keep or support Buyer to keep the Covered Equipment operating in accordance with its Specifications during the period of its coverage ("**Service Packages**").
- 40.2 Subject to Section 41.1, additional Equipment may be added to an existing Service Package. If Buyer wishes to add Equipment to an existing Service Package, a quote can be requested from Cytiva. Such addition is documented in an addendum to the relevant Service Package documentation.
- 40.3 The Service Package documentation specifies the extent of the cover for each item of Covered Equipment ("**Entitlement**") as well as the dates when such Entitlement commences ("**Coverage Start Date**") and (subject to earlier termination in accordance with the Contract) ends ("**Coverage End Date**").

41 Eligible Equipment

- 41.1 Only Equipment which is in normal working condition at the Coverage Start Date is eligible to be covered by a Service Package. To establish Equipment condition, an on-site inspection by a Cytiva service engineer may be required at Buyer's expense, and all repairs necessary to return the Equipment to normal working condition must be performed before the Coverage Start Date. Any work or parts so necessitated will be subject to Cytiva's standard service charges applicable at that time. Cytiva shall not be under any obligation to provide any Repair and Maintenance Services in relation to any Equipment that has been moved from its originally identified location without Cytiva's prior written consent. Costs associated with relocation and re-installation of Equipment are not covered under Service Packages and shall be borne by Buyer. Cytiva service engineers are available to supervise the moving of Equipment at Cytiva's standard service charges.

42 Service Requests, Response and Scheduling

- 42.1 Buyer must place requests for Cytiva to provide Repair and Maintenance Services by contacting Cytiva through the means specified at www.cytivalifesciences.com/support/contact-us, placing a phone call or sending an email to Cytiva's Service Team, or logging a request through 'My Equipment' on cytiva.com, (in each case) providing: (i) the serial number of the Equipment (ii) details of the Equipment fault; and (iii) the exact location of the Equipment. Repair and Maintenance Services are available during Cytiva's normal business hours Monday to Friday, excluding public holidays, unless specifically otherwise agreed in writing.

- 42.2 Cytiva will use commercially reasonable efforts to commence the provision of the requested Repair and Maintenance Services within such time as may be expressly agreed with Buyer (including in the Entitlement) but will not be liable for any losses incurred by Buyer in respect of any failure or delay in this respect.

- 42.3 Cytiva will schedule all PM and/or Calibration Visits with Buyer and Buyer shall make the relevant Equipment reasonably available for such purposes. If the PM and/or Calibration Visit cannot be scheduled because Buyer fails to confirm a scheduled date or make the relevant Equipment available before the Coverage End Date, Cytiva will not be obliged to either perform said PM or Calibration Visit after the Coverage End Date or to provide any refund in respect thereof. All PM's and/or Calibration Visits shall be conducted according to standard Cytiva protocols and documentation unless otherwise agreed formally in writing.

43 Diagnosis and Repair

- 43.1 If included in the Entitlement, Cytiva will diagnose faults in Covered Equipment reported by Buyer and use commercially reasonable efforts to promptly repair the same. Where practical, such Services will be carried out at Buyer's premises.

- 43.2 Defective parts will be replaced as deemed necessary by Cytiva at Buyer's expense unless such parts are covered by the Entitlement for the Covered Equipment. Such replaced parts become the property of Cytiva.

- 43.3 Parts supplied by Cytiva in providing the Repair and Maintenance Services (and covered by the Entitlement for the Covered Equipment) are subject to warranty under the terms of Section 12.2, save that the Warranty Period shall be ninety (90) days from the date of replacement. This does not affect coverage of the relevant Covered Equipment (including the parts provided as described in the foregoing) under Section 12.3, or any applicable Service Package.

44 PM Parts

- 44.1 To the extent that a PM for the applicable Equipment requires a PM part(s), such part(s) is included at no extra cost to Buyer. For the avoidance of doubt, Cytiva shall at its sole discretion be entitled to charge for any PM part(s) required during unplanned repair and maintenance events beyond the PM part(s) supplied during PM visits.

- 44.2 If Buyer has Covered Equipment with an Entitlement that does not include a PM or PM part(s), Cytiva recommends that Buyer holds, at its relevant facilities, spare parts required for the performance of preventive maintenance.

45 Exclusions

- 45.1 Service Packages do not include cover for any of the following (and Cytiva shall be entitled to charge Buyer at its standard rates for parts and labor required relating to the same): (i) Equipment faults caused by Buyer's failure to maintain environmental and other conditions required by the Equipment documentation or use of consumables, supplies, and/or spare parts not manufactured or approved in writing by Cytiva and/or any maintenance or servicing carried out by anyone other than Cytiva's Representatives; (ii) update, upgrade or modification of Equipment except where deemed by Cytiva to be a safety requirement; (iii) Routine care and maintenance (including replacement of wear parts) required to be carried out by Buyer as detailed in instruction manuals supplied with the Equipment; (iv) Any maintenance or repair of equipment other than the Covered Equipment; (v) Replacement of spare parts once opened (unless they are defective); (vi) Replacement of accessories, refrigeration units, computer equipment connected to the Covered Equipment, consumable items or parts deemed necessary for the normal operation of the Covered Equipment; (vii) Disposal of any items replaced during provision of Repair and Maintenance Services; or (viii) any of the circumstances or matters described in Section 13.

46 Modification And Termination of Cover

- 46.1 A Service Package may be modified only by mutual written agreement of Cytiva and Buyer ("**Modification**"), such as to add cover for new Equipment purchased by Buyer from Cytiva or, subject to Buyer providing not less than thirty (30) days' notice, cancelling Coverage for one or more item of Equipment.

- 46.2 If Cytiva is unable to provide Repair and Maintenance Services in relation to Covered Equipment under a Service Package identified as a 'LimitedCare Service Agreement' or 'LimitedCare Plus Service Agreement' (or any other Service Package relating to discontinued Equipment) due to lack of spare part supply, Cytiva may terminate such cover with immediate effect.

- 46.3 In the event of a Modification which terminates cover for an item of Equipment under a Service Package, Buyer shall promptly pay Cytiva for the Services actually performed thereunder, including PM and corrective maintenance, in accordance with Cytiva's list prices for such Services and expenses actually and reasonably incurred in servicing such Equipment prior to the date of such termination plus (except in the case of termination by Cytiva) 65% of the charges relating to such Equipment under the relevant Service Package which would have been payable in respect of the period after such termination. Cytiva shall credit any payments made by Buyer in excess of this amount (eg through advance payments) to Buyer's account within thirty (30) days after the date of such termination for use in purchasing of Cytiva products or services.

- 46.4 Any 'FlexHours' included in a Service Package expire after twelve (12) months and no refund will be made for unused 'FlexHours'.
- 46.5 Coverage under Service Packages is not transferrable and will terminate automatically on Buyer's transfer or sale of Equipment which was, immediately prior to such transfer or sale, Covered Equipment.
